IMPORTANT CANDLE SAFETY INFORMATION

WARNING

**FIRE HAZARD. TO PREVENT
FIRE AND SERIOUS INJURY:**

BEFORE LIGHTING

1/4" |

- **ALWAYS** trim wick to 1/4 inch before lighting. Dispose of wick trimmings and matches to keep debris out of wax pool.
- **AVOID** drafts.
- **Set candle on heat-resistant surface.**

WHILE LIT

- **Burn within sight.** ALWAYS remain within line of sight of burning candles. Extinguish candles before leaving room. NEVER burn for longer than 4-hour intervals.

- **Keep away from things that catch fire.** NEVER burn candles on or near anything that can catch fire.

- **Keep away from children and pets.** Children and pets could accidentally tip candle over.

AFTER USE

- **DO NOT** extinguish with water.
- **ALWAYS** allow wax to harden before relighting, touching or moving.
